

The Little Team That Could: How an Unknown Team from Kansas Shocked the Racing World at the 1970 24 Hours

The Team

The Kansas City Ramblers were made up of a group of friends who had been racing together for several years. They were all from Kansas City, and they had a passion for racing.

The team was led by driver Jim Hall. Hall was a veteran of Le Mans, and he was known for his determination and skill.

The other drivers on the team were Lee Kunzman, Walt Hansgen, and Lothar Motschenbacher. Kunzman was a young driver with a lot of potential, and Hansgen and Motschenbacher were both experienced drivers who had raced at Le Mans before.

The team's car was a Lola T70 MkIIIB. The Lola was not as fast as the cars of the top teams, but it was reliable and well-suited for the long race.

The Race

The 24 Hours of Le Mans is a grueling race. It is run on a 8.5-mile circuit, and the cars must complete 367 laps to finish the race.

The race started on a Saturday afternoon, and the Ramblers quickly fell behind. The top teams were much faster than the Ramblers, and they quickly built up a large lead.

But the Ramblers never gave up. They kept fighting, and slowly but surely, they started to move up the standings.

By the end of the first day, the Ramblers were in the top 10. They were still behind the top teams, but they were in a position to challenge for a podium finish.

On the second day of the race, the Ramblers continued to move up the standings. They were now in the top 5, and they were closing in on the leaders.

With just a few hours to go in the race, the Ramblers took the lead. They had done it. They had shocked the racing world.

The Ramblers held on to their lead for the rest of the race, and they crossed the finish line first. They had won the 24 Hours of Le Mans.

The Legacy

The Ramblers' victory was a Cinderella story. It was a story of how a group of underdogs can achieve anything if they set their minds to it.

The Ramblers' story is an inspiration to us all. It shows us that anything is possible if we believe in ourselves.

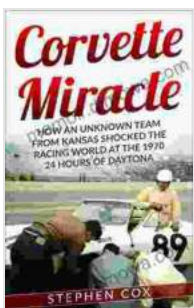

The Ramblers' victory is still celebrated today. They are remembered as one of the greatest underdog stories in racing history.
